Dr. Vikram S. Patil
Principal

ACADEMIC RULES & REGULATIONS

The academic rules and regulations at Yashoda Technical Campus, Satara are set to maintain discipline, promote quality education, and ensure the smooth functioning of academic processes.

1. Admission and Registration

- **Eligibility:** Admission to various undergraduate, postgraduate, programs requires meeting specific eligibility criteria set by the university and relevant entrance exams.
- **Registration:** Students are required to register for courses at the beginning of each semester. Failure to register results in the student being marked as absent for that semester.

2. Attendance Policy

- **Minimum Attendance:** Students are required to maintain a minimum attendance of 75% in each course to be eligible to appear for semester exams. A shortfall in attendance may result in debarment from the exams.
- **Leave of Absence:** In case of unavoidable circumstances such as illness, students must apply for leave in advance or submit medical certificates where applicable.

3. Examinations and Evaluation

- **Continuous Assessment:** Evaluation is done through a combination of internal assessments (such as quizzes, assignments, presentations, and lab work) and end-semester exams.

- **Grading System:** A grading system based on credit points, with each course having a designated credit value. The grading scale typically includes grades like A, B, C, D, and F, with corresponding grade points.
- **Minimum Passing Marks:** Students must score a minimum of 40% in theory exams and in the aggregate (including internal assessments and end-term exams) to pass a course.

4. Disciplinary Rules

- **Academic Integrity:** Cheating, plagiarism, or any form of dishonesty in academic work is strictly prohibited and may lead to severe penalties, including expulsion.
- **Misconduct:** Any misconduct, including the use of mobile phones during exams, disruption of classes, or misbehaving with faculty or staff, may result in disciplinary actions.

5. Backlog and Re-examination

- **Backlog Courses:** If a student fails a course, they must clear the backlog by reappearing in the subsequent exam for that course, as per university guidelines.
- **Revaluation:** Students can apply for revaluation of their exam papers within a specified period after results are declared if they are dissatisfied with their grades.

6. Project Work and Internships

- **Project Requirements:** Students are required to complete a project work in the final year of their undergraduate or postgraduate degree, demonstrating the application of their learning.
- **Internships:** Internships are mandatory for certain programs and should be completed in relevant industries or research organizations to gain practical experience.

7. Degree Requirements

- **Credit Completion:** Students must complete the required number of credits as outlined in their academic program. The program typically includes core courses, electives, and practical components like lab work and projects.
- **Degree Conferral:** A degree is conferred after successful completion of all coursework, projects, and other requirements, including the final exam and internship (if applicable).

8. Academic Performance and Counseling

- **CGPA:** Students are graded based on their Cumulative Grade Point Average (CGPA), which reflects their overall academic performance.
- **Academic Counseling:** Counselling is done by GFM activity to help students who may be struggling academically or personally.

9. Semester System

- **Academic Calendar:** The academic year is typically divided into two semesters: the odd semester (August to December) and the even semester (January to May). Timely submission of assignments, projects, and attendance requirements is essential for each semester.
- **Backlog Resolution:** Students with backlogs should follow the university's prescribed system for clearing them, which might include supplementary exams.

10. Conduct of Classes

- **Course Structure:** The structured curriculum given by University is followed with both theory and practical components. Course delivery involves lectures, tutorials, and hands-on practical sessions.
- **Faculty Interaction:** Regular interaction with faculty members is expected for academic success, including seeking clarification on course content and assignments.

It is crucial for students to stay updated on any changes to the academic rules and regulations through the official notifications, notices on website.
