Report on NSS Camp

Activity/ Event/Topic Title: One Week Special Camp - National Service Scheme

Date/Duration or Time : 13th April 2025 to 19th April 2025

Organized by: NSS Unit, Yashoda Technical Campus, Satara

Organized for: Students, Teaching, Non-teaching faculty.

Venue: Aasgaon, Tal-Dist- Satara

No. of Participants/students Present: 35

Coordinator Name/s: Prof. P. G. Borate

Description of Activity:

The National Service Scheme (NSS) unit of our college organized a special camp from 13th April 2025 to 19th April 2025 at Aasgaon village, Satara district. The objective of the camp was to instill a sense of social responsibility among students and to contribute meaningfully to the local community through various social activities.

Key Takeaways:

- 1. Visit to School and Distribution of Study Materials:** The day began with a visit to the local government school in Aasgaon. NSS volunteers interacted with the students and distributed essential study materials including notebooks, pens, pencils, and drawing kits. A small motivational talk was also delivered, encouraging the young learners to focus on their education and dreams.
- 2. Cleaning of Village:** After the school visit, the volunteers commenced a cleanliness drive in the central areas of the village. Roadsides, common areas, and waste dumping spots were thoroughly cleaned. Awareness was also created among villagers regarding waste management and cleanliness practices.

Vision:

YTC, Satara looks forward to become a globally renowned institute of center of excellence in technology and management education for rural community for technical and professional Knowledge

Mission:

- To achieve the quality and an academic excellence in the frontier engineering areas and management relevant primarily to the nation.
- To train and produce the highly skilled and globally competent professionals through quality technical education and to prepare them with industry ready engineers for immediate employment and entrepreneurship.
- To inculcate and develop the research culture can be attributed to quality outputs in terms of research practices and products.
- To develop the professionals having high values of ethics, lifelong learning, teamwork, leadership and social responsibility.
- To enhance and empower the rural community by improving the productivity of the agricultural sector.

3. **Lunch Break:** At noon, a community lunch was arranged for the volunteers. Local villagers generously helped in preparing and serving the food. This break provided an opportunity for interaction and bonding among students and locals.
4. **Cleaning of Residential Area:** Post lunch, the volunteers resumed work by cleaning nearby residential areas where they stay throughout this camp.
5. **Farewell Function:** A small farewell ceremony was organized in the village panchayat hall. The village sarpanch and other dignitaries appreciated the efforts of NSS volunteers and highlighted the importance of such youth-driven initiatives. Certificates of appreciation were distributed to the volunteers.
6. **Cultural Event:** The day concluded with a vibrant cultural program organized by the NSS team. Folk songs, dance performances, and a short skit on social awareness were presented. The villagers thoroughly enjoyed the performances and expressed their gratitude with enthusiastic applause.

Conclusion:

The NSS camp at Aasgaon was a memorable experience that not only benefitted the community but also enriched the volunteers with a deep sense of responsibility and fulfillment. The efforts and participation of everyone involved made the camp a grand

Outcomes of the Activity:

- Encourage students to work for the betterment of society. (PO6)
- Spread awareness on issues like Environment, sanitation, literacy, gender equality, and sustainable development. (PO7)
- Ethical Behavior Development of students (PO8)
- Build teamwork and leadership skills through group activities. (PO9)

Vision:

YTC, Satara looks forward to become a globally renowned institute of center of excellence in technology and management education for rural community for technical and professional Knowledge

Mission:

- To achieve the quality and an academic excellence in the frontier engineering areas and management relevant primarily to the nation.
- To train and produce the highly skilled and globally competent professionals through quality technical education and to prepare them with industry ready engineers for immediate employment and entrepreneurship.
- To inculcate and develop the research culture can be attributed to quality outputs in terms of research practices and products.
- To develop the professionals having high values of ethics, lifelong learning, teamwork, leadership and social responsibility.
- To enhance and empower the rural community by improving the productivity of the agricultural sector.

NSS Activity

Blood Donation Camp

Activity/ Event/Topic Title: Blood Donation Camp

Date/Duration or Time : 28th April 2025

Organized by: NSS Unit, Yashoda Technical Campus, Satara

Organized for: Students, Teaching, Non-teaching faculty.

Venue: Civil Seminar Hall (B-109), YTC, Satara.

No. of Participants/students present: 65

Coordinator Name/s: Prof. P. G. Borate

Description of Activity:

NSS Unit, Yashoda Technical Campus, Satara in coordination with Chh. Sambhaji Maharaj Government Medical College, Satara and Civil Hospital Satara organised Blood Donation Camp on 28 March 2025, raising awareness about the importance of Blood Donation and addressing the social responsibility issues the Blood Donation Camp was successfully organized. Enthusiastic and self-motivated, 30 number of Proud Blood Donors, donated the blood very eagerly to address the urgent need for blood saving lives by fostering awareness and action.

Key Takeaways:

1. Blood Donation: The NSS volunteers with the Blood Bank of Civil Hospital Satara and Chh. Sambhaji Maharaj Government Medical College, Satara encouraged our students and youth for Blood Donation.

Vision:

YTC, Satara looks forward to become a globally renowned institute of center of excellence in technology and management education for rural community for technical and professional Knowledge

Mission:

- To achieve the quality and an academic excellence in the frontier engineering areas and management relevant primarily to the nation.
