## Objectives:

1.  Understand how to use themes, colors, and layouts to make a professional portfolio.
2.  Practice organizing sections like Home, About, Projects, Resume, Skills, and Contact.
3.  Create easy-to-use menus and make the website user-friendly.
4.  Ensure all links work, add plugins, and make the site error-free.
5.  Customize the portfolio with unique designs and personal touches.

## Outcomes:

1.Students will learn how to create and design a functional and visually appealing portfolio website.

2.Students will organize their work and skills effectively using different sections like Home, About, Projects, Resume, Skills, and Contact.

3.Students will showcase their creativity by customizing themes and layouts to reflect their personal style.

4.Students will create websites that are easy to navigate, responsive, and accessible for all users.
