AY-2023-24, Basic Sciences & Humanities Department

Induction Program

The Induction Program for First-Year Engineering (FE) students was successfully conducted on 19 August 2023 at Yashoda Technical Campus, Satara. The program aimed to familiarize new students with the academic environment, curriculum, and college culture while instilling a sense of belonging and motivation.

Various sessions were organized, including expert talks, interactive activities, and orientation sessions led by faculty members. Students were introduced to college facilities, faculty, and the importance of professional ethics and discipline in engineering education.

Fresher's Party

Dept. of Basic Sciences and Humanities organized a vibrant Fresher's Party to warmly welcome the first-year engineering students. The event aimed to foster friendships, encourage interaction among students, and create a lively and inclusive atmosphere.

AY-2023-24, Basic Sciences & Humanities Department

The celebration featured cultural performances, fun games, and engaging activities, making it a memorable experience for all attendees.

Parents Meeting

A Parent-Teachers Meeting was conducted on 13-04-2024 from 02:00 pm– 04.00 pm. The parents were intimated through the GFM of each class by calling well in advance through class teachers and Guardian Faculty Members.

The main objective of the meeting was to create a common platform, where teachers and parents come together to discuss student's performance and devise ways to enrich their learning experience. Total 100 parents were present for this meeting.

The academic Activities conducted by Department were explained or presented by BSH department HOD Dr. A. A. Baride to all the present parents such as for improvement of student performance institute were conducted the unit wise test series, clay car-making competition, Teachers' Day celebrations, Ram Lalla Pran Pratishthan, Annual Sports and the annual day celebration, some expert lectures etc.

Principal Prof. P. R. Badadapure and Prof. P. P. Gawade have addressed to all parents and give valuable guidelines and Institute future plan.

Some parents have given their feedback regarding the Institute and academic activities done by each department and they were satisfied with the all activities done by department.

The Anchoring of parent meeting and vote of thanks given by Prof. S. A. Salunkhe.

Guest Lecture on Fourier Series (Engineering Mathematics- II)

Guest Lecture on Fourier Series (Engineering Mathematics- II) was organized by Dept. of BSH on 22 February 2024 for First Year Engineering Students. Resource person for the lecture was Mrs. G. N. More. Assistant Professor Department of Mathematics, YCIS Satara

Guest Lecture on Water Treatment (Engg. Chemistry)

Guest Lecture on Water Treatment (Engg. Chemistry) was organized by Dept. of BSH on 22 February 2024 for First Year Engineering Students. Resource person for the lecture was Prof. Dr. V. B. Ghanwat, Assistant Professor Department of Chemistry YCIS Satara.

"Swachha Yashoda": Basic Science & Humanities Dept Leads Campus Cleaning Drive

On October 2, 2023, the Basic Science and Humanities department of Yashoda Technical Campus College of engineering undertook a significant cleaning initiative as part of the "Swachha Yashoda" campaign. The objective of this cleaning drive was to promote cleanliness and hygiene across our college campus, and it witnessed the active participation of all teachers from the department. The cleaning activities were carried out meticulously in key areas of the college, including the Physics Lab, Chemistry Lab, HOD Cabin, Staff Room, Class Rooms and the Drawing Hall.

Clay Car Modeling Competition Ignites Creativity Among First-Year Engineering Students

Day: Friday

Date:
15th Sept. 2023

Venue:
Drawing Hall
YTC, Satara

Yashoda Technical Campus, Satara

Basic Sciences and Humanities Department
Organized

Clay Car Modeling Competition

on the occasion of
Engineer's Day 15th Sept. 2023

Note

- ✓ Participates Can make any type of **CAR** model
- ✓ No dimension limit
- ✓ You can participate with maximum 5 students in a group
- ✓ participants can use any type of clay
- ✓ Participation certificate will be given to all participant
- ✓ Competition is only for First Year B.Tech Students.

On 15th September, 2023 occasion of Engineer's day Basic Sciences and Humanities department organized "Clay Car Modeling competition" for First year Students. Clay Car Modeling Competition serves as a source of inspiration for students to be creative in engineering and to emphasize the importance of engineering in their development. The aimed to nurture creativity and problem-solving skills among our first-year students.

Inauguration of "competition" was done in presence of Dr. T. R .Shinde (Mechanical HOD). Dr. T. R. Shinde Sir was the judge of competition and evaluated the entries based on design, functionality, and creativity and choose best model from all the participants. Prizes were awarded to the winning teams to encourage their enthusiasm for engineering.

This activity was successfully conducted under the guidance of Dr. A. A. Baride and was coordinated by Prof. A. S. Shivade.

Engineer's Day Celebration

On September 15, 2023, Yashoda Technical Campus College of Engineering Department of Basic Sciences and Humanities organized a memorable celebration to inspire and engage the budding engineers of the future. The day is dedicated to Sir M. Visvesvaraya, who was a pioneer in engineering and known for his outstanding contributions in designing and building various dams and irrigation systems in India.

One of the most significant moments of the day was the inauguration of our state-of-the-art Digital classroom. We were honored to have Mr. Kaustub Phadtare, a distinguished industrialist and visionary, as the Chief Guest for this event. He graciously unveiled the Digital Classroom, marking the beginning of a new era in engineering education at Yashoda Technical Campus college of Engineering Department of Basic Sciences and Humanities. The Digital Classroom is equipped with the latest technology, ensuring an enriched learning experience for our students.

Following the inauguration of the Digital Classroom, Mr. Kaustub Phadtare shared his invaluable insights and guidance with our first-year students. His words of wisdom, drawn from his extensive experience in the industry, resonated deeply with the young minds eager to embark on their engineering journey. Mr. Phadtare also encouraged students to pursue their passions and explore diverse fields within engineering. He urged them to stay updated with the latest technological advancements and to embrace challenges as opportunities for growth.

AY-2023-24, Basic Sciences & Humanities Department

Guest Lecture on Interview Techniques

The Basic Sciences and Humanities Department of Yashoda Technical Campus, Satara, organized a guest lecture on "Interview Techniques (Communication Skills)" on November 8, 2023. The session was conducted by Prof. A. U. Bhosale, Assistant Professor, Department of General Science and Humanities.

The lecture aimed to equip students with essential communication skills and strategies to excel in job interviews. Prof. Bhosale provided valuable insights on interview etiquette, body language, and effective responses to common interview questions.

The session proved to be highly informative and beneficial for students preparing for placements and career opportunities
